Chairman's Report

Welcome to the 2021 Pakenham National Photographic Exhibition.

The year of 2021 was just as challenging as the year of 2020. For the second year in a row, we moved our exhibition online, from entry submission to judging to the exhibition and even the People's Choice voting. Relaunching our dedicated website helped us strengthen our online presence and hopefully will make our future events easier to run.

This year we ran several new sections for this Exhibition. The inclusions of sections like Still Life and Macro were inspired to combat the boredom of lockdown and we were very pleased by the quality and support of entries into these sections. The Open Premiere section was added to encourage our photographic community to work on something new and present works yet to be critiqued by a judge.

To the entrants, without your hard photographic work, national exhibitions just wouldn't exist. This year we received 1,309 entries from 85 entrants from all over Australia. Thank you for your entries, your support and your all round enthusiasm for allowing us to be part of your photographic journey in 2021. As with previous years, the imagery and story telling within your work makes for not only a terrific display of photographs, but it is truly inspirational and we are very honoured to be able to once again showcase your hard work to the world.

I would like to sincerely thank our panel of judges for their combined photographic expertise, knowledge and insight to select the accepted images of the 2021 exhibition.

Thank you to our sponsors. Your financial support and encouragement within our local community is greatly appreciated and without your commitment we simply would not be able to stage this exhibition in the manner we have to date. We look forward to extending this friendship and collaborating with you in future nationals.

Congratulations to our winners and to all those who received an acceptance into this exhibition.

Keep inspired, keep creating and thank you for being part of our 2021 journey.

Keep Photographing!
